CLOSING DATE: Until Filled

Welcome to the town of The Pas, “The Gateway to the North!”

The Pas is a small northern community of about 6000 residents, nestled between farmland and extensive forest. It is closely connected with the Opaskwayak Cree Nation. There are many lakes and trails for people who enjoy winter and summer outdoor activities such as cross-country skiing, snowshoeing, snowmobiling, fishing, hunting, hiking, and much more.

The days are short in the winter, which allows many hobbyists to take photos of the Northern lights, and our long summer days help to extend the short growing season if you enjoy keeping a garden. Home of the Northern Manitoba Trapper’s Festival, which takes place every winter, The Pas is a town that enjoys celebrating its history and culture. We have several schools, a college, grocery stores, summer farmer’s market, and the local industries include agriculture, forestry, commercial fishing, health and education.

The Clearwater Midwives is a practice of two midwives; we carry full scope privileges with a level two hospital, which has anesthesia and caesarian section capacity. There are two obstetricians in the community who we consult with, as well as family practitioners. A large portion of our clients are First Nations and Metis people, so knowledge and experience with these groups would be an asset. We provide regular prenatal and postpartum services to Moose Lake, a First Nation community about 1-1.5hr by road from The Pas.

We would be happy to answer any questions you may have about the practice or community, and are looking for General Registrants to start working as soon as possible!
