

West Coast Health Collective (WCHC) is looking for one **Part time or Full time** Midwife to cover a **ONE YEAR locum** with the potential for long term caseload. Term: **Spring/Summer 2018**. Start date somewhat negotiable.

We are excited about the possibility of applicants from all Provinces and of course welcome new graduates too.

At WCHC we believe in collaborative care and share a commitment to the community as well as informed choice. We have excellent interprofessional relationships and currently hold privileges at *Abbotsford Regional Hospital*, while serving women in Abbotsford, Mission, Chilliwack, and Langley.

Our midwives currently work in both Primary and shared care models amongst a team of supportive Midwives, Doulas, Traditional Chinese Medicine (TCM) and Massage Therapy. We're also currently expanding to include other holistic healthcare professionals.

We are flexible and excited about creative caseloads and call schedules and are open to brainstorming other models and will take the successful candidates suggestions into consideration.

Our Beautiful and cozy clinic is located conveniently in the heart of Abbotsford. We're also close to many great areas for hiking, camping and adventuring. We're a quick jaunt over to Harrison Hot Springs, Vancouver, the Interior and of course beautiful Washington, DC. And let's not forget Vancouver Island and Whistler aren't too far for a weekend away. Abbotsford International Airport also makes travelling out of Province or Country fast and convenient.

We are hoping the right locum will be available to start **April or May 2018**. Although, this could be negotiated.

We value regular and meaningful time off and strive to work collaboratively with schedules that work for everyone. We're flexible and are committed to supporting one another for regular time off.

Remuneration is consistent with British Columbia Midwives' Locum fees, unless a permanent position with us is granted and then this will be renegotiated.

If this sounds like something you are interested in, please contact us at
