

Sechelt seeks a midwife!

We are looking for a midwife who is ready, willing and able to move to the Sunshine Coast to help Jules retire! Specifically we are seeking a midwife to locate in Sechelt or nearby and assume the client load currently carried by Jules Atkins, who is hoping to retire by the end of the year at the latest. Jules works in partnership with Lehe Spiegelman, of Suncoast Midwifery, who lives in Gibsons. Together we provide midwifery services to families along the Sunshine Coast including Langdale, Gibsons, Roberts Creek, Davis Bay, Sechelt, Halfmoon Bay, Madeira Park, and Pender Harbour.

Our caseload is growing! Last year we had a caseload of 35, this year it is already over 50. We anticipate further growth, and likely strong growth over the next few years. We expect that a new midwife could have a full caseload within a very short time frame. Admin infrastructure is also already in place to support EMR, some admin, billing support etc.

This is a wonderful community, with supportive, collegial relationships with GP's, OB's, nursing staff, allied health care providers and educators/doulas. Sechelt Hospital has recently rebuilt a maternity wing that supports family-centred care and is accessible for communities along the coast. We currently have two RN's offering reliable SBA support.

If you are interested in moving to Sechelt, working in partnership with Lehe and Suncoast in Gibsons, and helping to grow midwifery on the Sunshine Coast, we are interested in hearing from you. CVs and letters of interest can be sent to Lehe and/or Jules by email.

If you'd like more information about this opportunity please contact us at:
