Other Information

Two positions available for full time locum coverage during maternity leaves in our practice. New registrants will be considered but experience is preferred. Position is supported solo care within a group model (ask for more details). Emphasis on continuity of care, caseload 4 - 6 primary due dates per month. Opportunity for permanent position may be offered. Royal Inland Hospital is a level 2b hospital, approximately 1100+ births per year. The Department of Midwifery was established in 2011 and Joanna Nemrava is the current chief. Mighty Oak Midwifery has a 30% home birth rate on average and serves Kamloops families as well as surrounding rural communities, First Nations communities and immigrant/refugee families.

Contact Joanna Nemrava for more information.
