Short-term locum, with option to extend

Beginning Summer 2019

Malachite Midwives is seeking a 3-month locum to join our team beginning July 2019, with the option to extend beyond.

Malachite Midwives is a team of 6 midwives located in beautiful Kelowna BC. We work closely together in a collective style group practice. We take pride in our peaceful work environment! Our practice operates out of a beautiful home, in a lively neighbourhood close to the hospital, beaches, hiking and biking trails and, downtown. We have a part-time Office Manager, who does an excellent job of supporting us. We use OSCAR for electronic medical records and aspire to minimize our footprints. The shared space offers two comfortable clinic rooms and a lovely birth suite for use by eligible clients seeking an alternative home birth location. Our home birth rate is often 50%. Our clinic is minutes from Kelowna General Hospital, which is a level two facility.

This position offers approximately 4 clients per midwife caseload each month. Midwives share combined client load and call in 2-3 person teams. Regular off-call time is negotiated within teams and typically includes a week-on/week off-call style rotation, with additional off time when possible.

Midwives can visit our website at www.malachitemidwives.ca to learn more about us.

Please email us letters of interest with CVs to mail@malachitemidwives.ca.

We have a great thing going on here and encourage you to apply!
