Other Information

We are two midwives in a beautiful downtown, multidisciplinary clinic in Vernon, BC. We are seeking a RM Locum for 2 months (July 01, 2019 - August 31, 2019). One of us will be away in July and the other in August.

In our practice, there are lots of repeat clients with majority of births at hospital. We have an amazing working relationship with the nurses and all the OB's, Peds and other staff we work with. You will never want to work in a different hospital again :)

We usually are on call for one week, then off call for the next. On Monday and Tuesday of the second week, the off-call midwives do clinic, as well as Wednesday morning if needed. After that she has Thursday through Sunday off.

There will be 18 people due in July/August, of which many are repeats.

This opportunity has also been posted to the MABC website's Rural Midwives Locum Program. 15 days in each of July and August will be subsidized by the RMLP for applicants who are members of the RMLP locum pool. If no RMLP locum pool member is found, other RM's and new grads are welcome to apply.
