

General Registrant Position

Start date: January 2020

Indigenous applicants especially encouraged

Midland Midwives by the Bay is a small rural practice hoping to expand our dynamic and supportive team. This position is for a 12-month maternity leave coverage with up to 36 BCC. Midwives share care in a flexible call model with ample time off and vacation. Full time start date is January 2020 with the possibility of starting part time in October 2019.

Midland Midwives are based out of our local Community Health Centre and prioritize service for socially disadvantaged families. We aim to provide exceptional and culturally safe care for the region's large Indigenous and Francophone populations. As such, **priority will be given to applicants who are Indigenous, and/or those with French language fluency**. The successful candidate will demonstrate a commitment to reducing barriers to health for clients with complex social and health histories. We are committed to client empowerment through social support, education, and informed choice.

We maintain a home birth rate of approximately 25%. We hold privileges at Georgian Bay General Hospital (Midland: Level 1A) and Orillia Soldiers' Memorial Hospital (Level 2B). We manage epidurals and transfer care for oxytocin. The two hospitals are engaged in a program of shared services through which pregnant clients in Midland can access higher-level consultations without leaving their community. Midland Midwives is a new and growing practice in a community with unique and exciting opportunities for innovation in perinatal care. We are seeking someone with a passion for rural midwifery combined with an understanding of the importance of dedicated teamwork, community outreach and creating a presence in an underserved area.
