

Position: 3 positions available

Full –time Permanent

General Registrant or New Registrant Midwife

Location:

Beginnings Midwifery Care

Edmonton, AB

We are looking for new members of our team!

Beginnings Midwifery Care is an established practice of registered midwives working to provide personalized supportive care to growing families in Edmonton & surrounding areas.

Full caseload positions are available for due dates April 2020 and beyond. We practice in a shared caseload model in teams of 2, allowing for time off and prioritizing self care and family. Work-life balance is important with each team establishing their preferred call schedule and booking approx. 8 weeks holidays per year.

We have a strong commitment to supporting clients in their choice of birth place and have a considerable home birth population – Edmonton has the highest home birth rate in Canada! We offer birth at the birth centre in Edmonton and hospital birth as well. Beginnings is a long-standing practice with established relationships with OBs and hospital staff. We have privileges at the Royal Alexandra and Grey Nuns hospitals with the opportunity to obtain privileges at the Misericordia and Sturgeon hospitals as well.

Beginnings has a beautiful clinic and office space. We hold prenatal, breastfeeding, spinning babies and hypnobirthing classes out of our space offered by a group of specialized doulas. We have full time admin staff so all booking and clerical tasks are taken care of! Disposable equipment is supplied as well as autoclaving. Our competitive practice fee covers all of your needs.

We are looking for midwives ready to work in a supportive, cooperative environment to join our dynamic team.

If you are interested please send a resume and cover letter to Gaelyn & Megan at beginningsmidwiferycare@gmail.com
