

**West Coast Health Collective (WCHC)** is looking for one full-time midwife to cover a one year leave starting in June/July of 2020, with the potential for extension. We are excited about the possibility of applicants from all Provinces and of course, welcome new graduates.

At WCHC we believe in collaborative care and share a commitment to the community as well as informed choice and choice of birth place. We have excellent interprofessional relationships and currently hold privileges at *Abbotsford Regional Hospital* and *Langley Memorial Hospital*.

Our catchment area includes Abbotsford, Langley and parts of Mission and Chilliwack. Our midwives work in either a team model or primary (solo) care model amongst a team of supportive Midwives within our own practice. We are flexible and excited about creative caseloads and call schedules. This has allowed for more personalized care for our clients and a more balanced work/life schedule. We value regular and meaningful time off and strive to work collaboratively with schedules that work for everyone.

Our Midwives are experienced and passionate about home birth and enjoy hosting home birth info nights, prenatal classes as well as other information sessions for clients. Our Beautiful and cozy clinic is located conveniently in the heart of Abbotsford. We are very close to Abbotsford Regional Hospital, and there are many apartments for rent in this area (within 5 minutes). We're also close to many great areas for hiking, camping and adventuring. We're a quick jaunt over to Harrison Hot Springs, Vancouver, the Interior and of course beautiful Washington, DC. Abbotsford International Airport also makes travelling out of Province or Country fast and convenient.

We are hoping the right locum will be available to start with clinic in June and go on call with a caseload that will be built up for you in July of 2020.

Remuneration is consistent with British Columbia Midwives' Locum fees, unless a permanent position with us is granted and then this will be renegotiated.

If this sounds like something you are interested in, please contact us at
