

Seeking a locum midwife

Roundhouse Midwives is a midwifery practice located in Victoria, BC. We are seeking a locum midwife to fill a full-time position from May 5 - June 18 2020.

This position is suitable for a Registered Midwife who has completed their New Registrant year. The locum will be a member of a two-person team, sharing clinic and call with another full time midwife. Compensation will be 70% of billings after PDP deductions.

Roundhouse Midwives is located on a five acre farm just two blocks from our local maternity unit at Victoria General Hospital. VGH is a level three facility, and we enjoy collaborative relationships with our obstetric colleagues.

The clinic is situated in a farmhouse. We have four full time midwives in our group, and are supported by two excellent MOAs who provide full time support for our clinic and additional programs. We use OSCAR for electronic charting.

We highly prioritize the health of our team. Midwives provide each other regular relief from long births, and we hold team meetings with farm brunch, and fun social activities.

Our farm property also has a large, beautiful roundhouse and a small cottage, where we offer clients Connecting Pregnancy group pre & postnatal care led by our midwives, baby & parent yoga, and prenatal classes. One third of our clients plan an out of hospital birth. Those who are home birth candidates can choose to use our onsite birth cottage, a lovely and intimate setting for births.

We've included some photos of the farm below to show the clinic in the main house, roundhouse for group meetings, birth cottage, and surrounding property.

Please see our website for more about our practice:
