Midwifery Consultant

Government of Yukon -> Health & Social Services – Community Health, Community Nursing Management

Location: Whitehorse, YT
Requisition: #20715
Salary: $93,610 - $108,713 per annum
Closing date: March 17, 2020

This competition will be used to fill a 3-Year Term as Midwifery Consultant

This is a unique and exciting opportunity to build a collaborative, evidence-based midwifery program in Yukon.

As a Midwifery Consultant, you will be responsible for providing oversight for the planning, implementation, integration and evaluation of midwifery services across Yukon. This will include developing policies and protocols that will guide the provision of midwifery services in hospitals and in Yukoners’ homes - establishing a model of service delivery in Yukon that is in line with evidence-based midwifery practices.

As Midwifery Consultant, you will rely on your keen ability to generate commitment to the program through building partnerships and consensus. You will have the opportunity to work with stakeholders to develop a common vision for the implementation of midwifery services, and to provide leadership and support to ensure midwifery services become a viable option for births in Yukon.

For more information about this position, please contact Sheila Thompson, Director, Community Nursing, at Sheila.Thompson@gov.yk.ca

For more information about the recruitment process, please contact Marcia Davidson, Human Resources Consultant, at Marcia.davidson@gov.yk.ca

Essential Qualifications

Please submit your resume clearly demonstrating how you meet the following qualifications:

- Bachelor’s degree, or certificate in the midwifery field
- Current registration in good standing as a Midwife with a Canadian regulatory authority is considered an asset
- Recently applied knowledge of evidence-based midwifery theory, practices and techniques, normally acquired through work experience in a publicly funded position
- Experience researching and developing policies, procedures and protocols – at level of health authority, or provincial level – is considered an asset
- Experience designing, implementing and managing programs or projects – at level of health authority, or provincial level – is considered an asset
Desired Knowledge, Skills and Suitability

- Collaborates and develops strong relationships with diverse stakeholders – builds coalitions using a variety of methods, adapts approaches, and effectively uses knowledge of the organization.
- Demonstrates applied knowledge of principles of project management and change management to achieve desired outcomes.
- Excellent critical thinking and decision-making skills, with the ability to assess options and implications, and link decisions to strategic goals.
- Researches current literature and integrates new, evidence-based principles into practice, as appropriate.
- Provides leadership as a clinical expert to ensure quality care and service delivery.
- Transfers expertise and builds capacity of others through teaching, coaching and/or mentorship.
- Demonstrates self-awareness through deliberate learning from past experience and self-reflection to increase personal effectiveness and responsibility.

Conditions of Employment:

- Class 5 Driver’s Licence
- Proof of education, degree or certificate

Job Requirements: Travel within and outside of territory to engage with stakeholders and to attend conferences and workshops.

Relocation: Relocation for this position may be supported in accordance with the Interview and Relocation Expense Directive.
