

Come work with us in the beautiful, fast-growing BC lower mainland!

Haven Midwifery is looking to hire a new midwife for 2020. This opening is available at any time pending temporary or active hospital privileges at Surrey Memorial Hospital. We are open to discussing start dates.

We are a thriving practice looking to become a team of four. We have a full caseload and multiple months currently have a waiting list.

We are located in the heart of Cloverdale, our holistic midwifery practice is also home to a naturopathic doctor and a massage therapist. We have a comfortable, attractive clinic space.

Midwives are highly integrated into Surrey Memorial Hospital: a level 3 facility with forty private delivery rooms. We have our own call room; we have excellent relationships with hospital staff, and we are well-supported by the OB and pediatric call groups.

We are looking for someone who would be a good fit for our growing practice, and would love to hear from you! Email us at info@havenmidwifery.ca.
