

January 17, 2021

Are you a New Registrant or a General registrant (with Calgary Privileges) searching for an exciting career opportunity? The Nurturing Families team is looking for a midwife to join in Summer or Fall 2021 for at least a year's placement. Birth Partnership Midwifery Services is a practice that has a long history of successfully supporting midwives in their career. Working in Calgary, Alberta, with clinic space centrally located in Lakeview, and birthing predominantly out of Rockyview General Hospital, the Nurturing Families team is looking for a midwife who can support families with evidence-based care, to birth in hospital, birth centre or home. Our practice attracts families who are often referred by previous clients, and enjoys a motivated clientele who appreciates choice of birth place and investment by their midwives with knowledge sharing.

The ideal candidate will excel in partnering with families, respectful communication with colleagues, and will have a calm and easy-going temperament, as well as a healthy respect for self care. The midwife we are looking for will prioritize breastfeeding skills and will be dedicated to thorough documentation, reflective practice, and client satisfaction. The team of two will support an enjoyable work life balance.

We are looking for a midwife who is dedicated to enriching both their team and their client's families with an appreciation for the roles we all play in each other's lives.

We look forward to your application and to meeting you. The application will close once the ideal candidate has been found.

Thank you for your consideration.

Please email your C.V. to Nicole at nicole.dakin@birthpartnershipmidwives.com
