

Seeking Locum RM with intention of ongoing Full Time position

Terra Nova Midwifery is seeking applicants for a locum midwife to start July or August through December 1, 2021 with the intention of staying on for a Full Time position in a team of 3.

We are currently a team of 2.5 FTE RM's, located in Richmond BC, serving Richmond and South Delta (Ladner, Tsawassen). Our hospital privileges are at Richmond Hospital (Vancouver Coastal Health) and we have a varying number of home births each month (~20-30%). Our clinic is located in charming Steveston Village, with access to sunny walks on the pier, great restaurants and a small-town vibe. Our MOA's are efficient, friendly and a very knowledgeable birth workers who provide amazing administrative support.

We care for a diverse population of families in the area and have a full roster and a large waitlist of clients each month, both primiparous and multiparous. We enjoy excellent collegial relationships with our consultant ob/gyn's and pediatricians and work well as a team in our hospital Birth Centre. We have highly-cooperative professional relationships with the RN's at our hospital, who provide 1:1 nursing care for labouring women. Our hospital is lauded for its low cesarean birth rate and focus on normal birth.

Applicants should have at least 2-years experience, be registered in BC and in good standing with the BC College of Nurses and Midwives. Flexibility in scheduling is possible. We would expect the candidate to live within 30 minutes-drive of Richmond/South Delta.

If you are interested in this opportunity, please email a CV and a brief introductory email to info@terranovamidwifery.com.
