PART-TIME OPPORTUNITY – NEW WESTMINSTER, BC

Aveta Midwifery is seeking a part-time Midwife

Aveta Midwifery is seeking a part-time, full-scope registered midwife to join our lovely New Westminister team.

We work in a shared care model, currently with 3 midwives alternating between phone/Zoom visits and in-person client visits. We enjoy an average caseload of 12-14 clients per month with many returning clients and a home birth rate of approximately 10-20 percent (increasing recently in light of Covid-19).

We primarily operate on 24-hour periods of call with occasional 48- and 12-hour sessions. Our team supports work life balance and also supports being able to have a team colleague to call when the workload is demanding and help is needed.

Our primary hospital is Royal Columbian Hospital, a large tertiary centre in New Westminister with full time OB and paediatric staff on site, with back up privileges at Ridge Meadows Hospital in Maple Ridge. We have strong working relationships with staff at both hospitals.

Our fully equipped and welcoming medical office in the Brewery District of New Westminister has full time administrative support. We utilize OSCAR electronic medical records and have a paging service for urgent calls.

Our ideal date would be by July 1st, 2021 but we are flexible in that regard. While Fraser Health admitting privileges would be an asset, they not required. Compensation will initially be based on the Midwives Association of BC (MABC) locum rates, adjusted to a percentage of billings once we have determined that there is a good fit.

Please submit an expression of interest and CV to the Aveta team at admin@avetamidwifery.ca
