Contact Phone**Other Information**

Hello BC midwives.

Maternity Care Westside is looking for a 6-12 month locum, ideally starting June 1st, to join our shared care practice in the beautiful Okanagan.

We are offering better than locum rates for a flexible call/clinic schedule which allows for time off to enjoy all that Kelowna has to offer.

We are a busy shared care clinic of 4 RM's and one GP with 20+ due dates every month. As such preference will be given to experienced midwives, though new registrants are welcome to apply.

Maternity Care Westside brings together RMs, GPs, Lactation Consultants, RNs and Childbirth Educators under one roof. Midwives at MCW enjoy privileges at Kelowna General Hospital (KGH) which is a level two hospital with Obstetric & Pediatric services within twenty minutes. MCW providers have a long-standing, well-established relationship with the staff at KGH.

Please send your applications and any questions to: midwife@maternitycarewestside.com

We look forward to hearing from you,

The MCW team
