

East Kootenay Midwives, In Cranbrook BC, will be looking to fill the shoes of Jane Blackmore when she retires March 31/22 (we know that no one can ever fill her shoes, but they should still apply 😊).

We presently work as a team of 3, taking 9-10 women/month. We each do approximately 10x24 hr. call shifts per month and 3-4 full clinic days. We do not have regular clerical staff and this keeps our overhead very low. We have very good working relationships with the OBs, Peds and hospital staff. We have been established in the area for 16 years and have many repeat clients.

Cranbrook is in the Southeast corner of BC, we are a community of approximately 20,000 people, Calgary is the closest major city 4 hours away. We are situated between the Rockies and Purcell mountain ranges. There are loads of outdoor activities right outside our doors; including, downhill skiing (Kimberley 30 min away and Fernie 60 min away), cross country skiing, mountain biking, climbing, hiking, etc. and several lakes to choose from. The cost of living is still one of the lowest in the province.

If you have interest in joining our team, please contact us at [ekmidwives@gmail.com](mailto:ekmidwives@gmail.com).

Sincerely,

East Kootenay Midwives  
Jane Blackmore, Anne Leblond and Carolyn Thibeault
