

**The Midwifery Group is seeking an RM for a Postpartum Only Practice!**  
**Postpartum care for OB clients and/or Lactation Services**  
**Start time is flexible**

### **Exciting News!**

We are moving locations from Main Street to 3979 **Fraser Street** and are planning to expand to a **Multidisciplinary Practice**. The space will be newly renovated this fall 2021 with a warm & welcoming modern decor. We will be located in a storefront unit (right across the street from the wonderful businesses of Batard Bakery, Earnest Ice Cream and Bonjour Vietnam) in a lovely up-in-coming neighbourhood 😊

### Our Clinic:

The Midwifery Group is a busy and supportive midwifery practice located in Vancouver, British Columbia. Established in 1998, we have a strong presence in our community and relish the diversity of our clientele. We believe in supportive and sustainable arrangements for midwifery practice and are keen to find models of care that support our individual midwives to have rewarding careers, and maintain a healthy work-life balance. We enjoy our work and we enjoy each other's company.

Midwives on our two teams have hospital privileges at BC Women's Hospital and range from new grads to 20+ years' experience. We offer wonderful full-time administrative support and use an electronic medical record (Oscar) to provide safe and coordinated client care. Our clinic currently operates with two teams of midwives that support each other, hold regular clinic meetings and social team building events (even over video conference if we have to ;)

### The Position:

We are seeking a Registered Midwife to join our practice in a postpartum only practice. This position would ideally be a blend between postpartum care for OB clients and providing Lactation Services for the greater community.

It would be ideal (but not required), for the applicant to have hospital privileges at BCWH or SPH. The teams at TMG can provide early hospital visits, discharges or postpartum hospital admissions as needed. As the clientele grows it could become a shared position between 2 midwives and provide room for creative ideas.

\*Start time is flexible - Immediately to Early 2022.

### The successful candidate will be:

- Eligible for registration by the start date or already registered with the College of Midwives of BC and the Midwives Association of BC.
- A strong communicator
- Keen interest in breastfeeding support and ideally be an experienced midwife OR have their lactation consultant certificate.
- Committed to providing exemplary midwifery care
- Experienced in providing care to diverse families
- Highly responsible
- Experience working with electronic medical records (such as OSCAR) is an asset (but not required).

Come join our wonderful group of midwives at The Midwifery Group!

Please submit your CV, three references, your estimated available start date and a letter of introduction as soon as possible. \* At this time there will be no deadline for submissions.
