

Family Health Clinic, Langley BC
Naturopathic Medicine & Midwifery Care
Caring for Families naturally . . . since 1983
www.familyhealthcliniclangley.com
604-534-9121 ext.3

Family Health Midwives team is seeking a **Full time Midwife to add to our team.**
Start date can be flexible, with preference for starting date November 2021 to January 2022

Family Health Clinic was founded originally in 1983 as a Naturopathic clinic, and added midwives in 1998. The clinic is situated in central Langley, in the Fraser Valley, a fast growing area with many young families. The Fraser Valley is still quite rural with a variety of organic farms, wineries and markets, opportunities for horseback riding, hiking, canoeing, close to camping, skiing and more! Langley is only 45 minutes from downtown Vancouver, for the perfect balance of city and country.

Family Health Midwives work in a small team model, with a shared caseload of 4 EDD's per midwife. Our team is committed to maintaining a satisfying work/life balance, working 1 day of clinic and 2-3 days of call each week. The midwives enjoy 24hr-48 hr call shifts and 6 weeks of vacation/year is encouraged. Our team uses electronic charting and faxing, and is well supported by an MOA 3 days/week.

The successful candidate will initially be eligible for locum privileges through the Fraser Health Authority to cover a maternity leave and there is a potential for full privileges. Our primary site is Langley Memorial Hospital.

The midwives enjoy many repeat clients and a home birth rate of 20%. The midwives work closely and collaboratively with a small group of local specialists, and feel very fortunate to have such a positive and supportive work environment in their local hospital!

We would love to hear from you if you think our team and the lovely Fraser Valley could be the place for you! Please forward your CV or any inquiries to:

familyhealthmidwives@gmail.com

Applications will be considered until the position is filled.

Cathy Carlson-Rink ND, RM
