

Our group midwifery practice in Syilx/Okanagan territory is welcoming another midwife to join us.

We are currently a practice of 5 midwives, and we are hoping to become 6. We are prioritizing scheduling that enables regular holidays throughout the year and an additional midwife will help us with our goals!

Seeking:

- a *long-term* team member to join a team of 3, taking approximately 9 clients per month, with *flexibility* to work in a team of 2 if/when team changes arise (as they do with holidays/leaves/etc.)

Who we are:

- [Malachite Midwives](#)

- we practice within a home-based clinic, and host a birthing suite within the space

- we have a healthy homebirth rate

- we have privileges at Kelowna General Hospital (a MoreOB site with a supportive team), working within a Midwifery Department (midwives are requested to obtain IOL certification in our community)

Where we are:

- Kelowna is a growing interior city; our housing market (for buyers and renters alike) can be much like other larger cities in BC

- [Kelowna](#)...beautiful & balmy

Please email us your letter of interest with CV by **31 Oct 2021**.
