

The Hamilton Midwives

www.hamiltonmidwives.ca

Seeking to fill 2 positions 2022-2023

The Hamilton Midwives is a busy teaching practice committed to helping new graduates launch their careers. We enjoy excellent interprofessional relationships in the community. We are a predominantly urban practice with a diverse clientele and we hold hospital privileges at St Joseph's Healthcare Hamilton.

The Hamilton Midwives will provide orientation, support, and guidance to help you lay a successful foundation. You will benefit from an income support program to bridge the gap before you start billing.

We are looking for midwives who are excited to consolidate their learning in a supportive environment where they can leverage their strengths while honing their skills in areas where they need improvement. Ideal candidates will have experience managing epidurals and oxytocin and will feel at ease with e-documentation. Arabic speaking is an asset.

We offer 30-40 BCCs with EDDs starting in the fall, clinic to start as soon as you are registered. If you are a grad from 2021 and seeking a start date in early 2022, please make that clear in your cover letter.

We are actively working to increase diversity in our team to better represent the community that we serve so we encourage those from all walks of life to apply.

If you would like to join our team for this important first year, please direct your CV and cover letter to:
